

## Power30X Weld Cleaner

An excellent machine for cleaning stainless steel TIG welds, electrochemical polishing, marking and etching.

The Power30X provides superior results on all stainless steel TIG welds in both small and large production environments. It offers dual output voltage as well as a polishing mode in addition to the weld cleaning and the marking modes – which amounts to 4 modes to choose from when using the machine.

# POWER 30X

## STARTER SETS

Part Code	Product Name
WELC1056-1	Cougartron Power30x Basic Set
WELC1056-2	Cougartron Power30x Starter set
WELC1056-3	Cougartron Power30x Complete set
WELC1056-4	Cougartron Power30x Expert set

## TECHNICAL INFORMATION

Machine weight	6,51 kg
Starter set weight	14,05 kg
Machine dimensions	Height (with handle up): 378mm, width: 220mm, depth: 170mm
Power input	110v or 230v (Auto-switching)
Application and capabilities of the machine	Weld cleaning, electrochemical marking, electropolishing
Weld cleaning method	Electrochemical
Metal type	Stainless steel
Weld type	TIG – light and dark
Recommended brush type	Powerbrush
Warranty	1 year without registration or 2 years with registration

## MACHINE SET CONTENTS

Part Code	Product Name
WELC1056	Cougartron Power30X Basic Machine
WELC2005	Acid pot 500ml with lid
WELC2047	Cougartron lead with handle 4M, 50A (x-connector)
WELC2064	Cougartron transport case with foam insert – Large
WELC2118	Cougartron lead with earth clamp 4M, 50A (x-connector)
WELC2149	Cougartron microfibre cloth – 40x40cm (black)
WELC2226	Cougartron wand/twist shroud set (for 1x M6 brush)
WELC3101	Cougartron Powerbrush (M6, 30A) – 10 pack
WELC3158	CGT-N5 HyPerformance Neutralising Fluid – 500ml
WELC2201	Cougartron sprayer for spray bottle – orange
	IEC power lead 1.8M 230V (EU)
	Cougartron brand acid-resistant gloves
	Cougartron brand safety glasses
